MACLEAN'S

The wearing quality of Jamieson's Paint is proven on the boat

No test is more severe than that of emosure were and tear that point on a boat is subject to.

Jamieson's Marine Paints and Varnishes

are made particularly for this hard service. Careful study and over half a century's experience enables us to produce a most durable paint for every nautical requirement, from Canoe to Ocean Liner. Years of practical service have proven that Jamieson's Paints save boar-

owners many times the cost in nothing about the resultant improvement in appearance. An elegant finish is obtained by even the most inexperienced.

gratification the great movement for honesty and square dealing which is produtionizing American and Canadian husiness methods. Our goods, our salesmanship and our advertising are being cleansed and virolized by the spirit of truth

and sinornity. As a result we see a growing public confidence in manufactured products and their advertising -a confidence which, if preserved and fostered, will decrease our costs, increase our profits, and become a business asset of incalculable value.

Foremost in the fight which has brought about this revolution stand the Associated Advertising Clubs of America, whose emblem is shown above. If you are a husiness man, interested in the manufacture, distribution, or selling of commodities of any nature, you should attend the Tenth Annual Convention of the A. A. C. of A. at
